Sub: Cost of old materials used on the quarters of the Superintendent, Central Jail, Bellary which increases the capital cost of the building.

I forward herewith an estimate for Rs.225/- for the above work for obtaining the administrative approval of Government and early return for further action.

The necessity for the present estimate is clearly explained in the report accompanying the estimate. As the value of the old materials viz. barbed wire, R.C. Posts, iron girders etc, used on the above work increases the capital cost of the building, the Accountant General, Madras has instructed in his test audit note of the Bellary of September 1939 to adjust the cost of these materials. Accordingly the present estimate provides for the cost of the old materials used on the work. Since the materials are old, but serviceable, only 50% of the actual cost is now adopted for adjustment. The whole estimate amount goes to increase the capital cost of building.

From (Name) E.H. Chave Esq., B.Sc.,
(Designation) Chief Engineer, P.W.D., Buildings and Roads.

To The Secretary to the Government of Madras,
Public Works Department.

Sir,

I forward herewith a copy of letter No.343-W dated 15-5-41 from the Superintending Engineer, Bezwada Circle on the subject. It is observed that the materials were issued by the Superintendent, Central Jail and that the transfer was accepted by the Inspector-General of Prisons. The estimate is not susceptible of check in this office but may be sanctioned for reasons noted above. It is being pointed out to the Executive Engineer that his action was irregular in carrying out the work to a rent free residential quarters, before requisite sanction was obtained.

Buildings - Residences - Bellary - Central Jail - Superintendent's quarters - Improvements - Your Endt. No.719-Wks/41-1 dated 18-2-41 and 719-Wks/41-2 dated 13-5-41.

With reference to your No. quoted above I forward herewith a copy of letter No.595-SE dated 22-4-41 from the Exe. Engr. Bellary Division together with copies of letters from the Superintendent, Central Jail, Bellary to the Inspector General of Prisons and the orders of the latter to the former for your information. For points 1 and 2 raised in your endorsement please see paras 7 to 9 of the Exe. Engr.' letter under reference.

2. It is however observed that prior sanction of the Inspector General of Prisons or Suptg. Engr., Bellary Circle has not been obtained with re ard to the improvements done to the garage by using the old rails, but the amount involved is trifling and it is inferred that the Inspector General of Prisons is not against this work in as much as he passed on the estimate in question for the approval of the Government with his No. Roc. 455-S-2-41 dated 25-1-41.

3. The estimate received is herewith resubmitted for favour of necessary action.

Sub:- Cost of old materials used on the quarters of the Superintendent, Central Jail, Bellary which increases the capital cost of the building.

The items of work provided for in the estimate for Rs.225/- are the cost of materials used for (1) Fencing round the compound of the bungalow of the Superintendent, Central Jail, Bellary, and (2) Narrowing the width of the pit of the garage, Both these works had already been carried out under the sanctioned estimate. "Construction of quarters for the Superintendent, Central Jail, Bellary" Estimate Rs.30,200/- C.R. No.1/36-37 from the savingsin the estimate.

Item (2) was found necessary as the then incumbent had a car for which the width of the garage pit was too wide, and this had to be narrowed by inserting old rails spanning the length of the pit and fixing planks over them.

3. As the Superintendent, Central Jail issued the articles necessary for these two items, viz., barbed wire R.C. posts and old rails. No expenditure was incurred on the cost of these materials.

4. The Accountant-General in his inspection of the accounts of the Division office, instructed that the cost of these materials should also be charged to the work as it increases the capital cost of the residential building. The present estimate has therefore been prepared to include the cost of these materials to the capital cost of the building.

5. The Superintendent, Central Jail in his No.G/1703 dated 28-6-37 (copy enclosed) requested the Inspector General of Prisons to transfer some of the reinforced concrete post and barbed wire which were available as surplus in the J.C. School free of cost to his quarters. A below

6. The Inspector-General of Prisons sanctioned the transfer in his memo D.Dis.No.3665/37 dated 5-7-37 copy enclosed. B below

7. No fresh administrative approval was obtained as the work was done within the sum of Rs.30,200/- originally sanctioned in C.R. No.1 of 36-37. Go Ms. No. 486 W 23/2/35 (Increase obtained at A)

8. It is ascertained, that the old materials viz., barbed wire, R.C. posts and old rails were got from the Alipuram Jail. As this Jail was vacant and in disuse the materials were all surplus there. No reduction in the capital cost of the Alipuram Jail was made for the cost of the old materials.

9. This will be done as soon as the present estimate i sanctioned.

I have the honour to state that reinforced concrete posts and barbed wire, plenty of which are available in the Junior Certified School, Bellary (Jail Deptt. property) for transfer free of cost. The Exe. Engr. suggested as the quarters of the Supdt. is nearing completion that the compound be fenced in from savings.

Please accord sanction for necessary transfer. The Supdt. Junior Certified School, Bellary may please be directed to make the necessary materials over to the Public Works Deptt.
